

EVENT SPONSORSHIP PACKAGE

OpenNebulaCon 2023

The Future of the Open Source Cloud

| June 20-22, 2023

The Orchestration Platform for the Datacenter-Cloud-Edge Continuum One Platform. Any Application. Any Cloud.

OpenNebula seamlessly converges on-premises, edge, and cloud environments into a single cloud platform to deliver the simplicity and agility of the public cloud alongside the performance, security, and control of the private cloud. For more than a decade, OpenNebula has formed a broad user community among leading companies in banking, technology, telecom and hosting, and research, becoming the point of reference for open source private, hybrid, and edge cloud solutions.

The Community Event of OpenNebula Discussing real needs and use cases

OpenNebulaCon is a learning conference hosted by OpenNebula for the global cloud and edge infrastructure community.

Since 2013, the OpenNebula Conferences have served as a **meeting point** for cloud users, developers, administrators, integrators and researchers, featuring talks with **experiences and use cases**. They also include hands-on tutorials, workshops, and hacking sessions that provide an opportunity to discuss burning ideas, and connect directly to discuss development.

Previous speakers include Telefonica, Booking.com, King.com, Santander Bank, CentOS, European Space Agency, FermiLab, Red Hat, BlackBerry, Akamai, Runtastic, Citrix, Trivago... and many more.

Why Sponsor the OpenNebula Conference?

The OpenNebula Conference is a **virtual event** providing the **opportunity to reach a highly-segmented technical community** of developers, sys-admins, managers of large infrastructures, and leaders whose charge it is to build flexible, integrated cloud solutions, while keeping an astute eye on **new and exciting opportunities**.

- ✓ Share your vision for cutting-edge technology
- ✓ Discuss your strategic partnerships
- ✓ Showcase your brand
- ✓ Join our push towards innovation
- ✓ Help support a dynamic global community
- ✓ Set up your virtual booth in no time
